Run # 1003- May 18th, 2018

Hare(s): **Wet Denim & Slippery When Wet**

Location: Sylvan Lake

Prelube: Wingin' It

On On: Wet Denim's place

Scribe: **Slippery When Wet**

When I was asked to do the scribe I was both excited and scared. I hadn't done one before,.....this month.

“Always two there are, no more, no less. A Hare and Co-Hare.”

I guess I will start at the beginning.

The day before is worth mentioning. I showed up at the meeting spot only to find a handful of working men and their diggers and whatnot going about their business. I was a little nervous driving by them in the developing subdivision but when I did I got some interesting stares. When **Wet Denim** showed up and we walked into the woods together, we confirmed their suspicions: drugs, sex or Network Marketing meeting.

No! Try not! Do or do not, there is no try.

We set a lovely trail that just happened to get pissed on by 24 hours of rain. It held up pretty well but just in case **Wet Denim** went out a few hours before to re-set. I did my part by sitting at the non-attended Prelube. Actually, that's partly my fault. When **WD** suggested “wings at the old Smugglers Inn” I thought she meant;

eat wings at the old Smugglers Inn location and not Wingin' it, THE old Smugglers Inn Location.

“Once you start at the prelube, forever will it dominate your destiny, consume you it will.”

At the last minute **Curb Crawler** and **Broken Boner** came in for a cold one. We looked at the angry sea and decided it was in fact a lake. Should we venture out in the rain we thought? Yes, we should. **Boner** bought a round for the house and then we left.

“Patience you must have my young Hasher”

As I was walking to my car I got a phone call from a frustrated **Humidittities** looking for the run start. I said trust your instincts and hung up. The force is strong with this one.

“In a dark place we find ourselves, and a little more knowledge lights our way.”

Plan B!

The rain, the runners, and the Hares were all present! We were patiently waiting for the RA and the Swill. They are the most important ends of a good run you know. An executive decision was made to fuck the run and go to the bar but just before we left **G-Spot** suggested **Premie** could stand in for the RA and then run out and get some beer. Perfect

Plan C.

Then we got a call from a very lost **Wee** who was thinking the run start was at Wingin' it, the old Smugglers Inn location. He also had the swill!

Plan..... D?.

The walkers would wait for **Wee** and then set out. 30 minutes later they saw a sliver car drive down the road swing a u-ey and drive away. A quick phone call to **Wee** and all was fine. Since it was 7:45 **Wet Denim**, and **Doggie**, walked over to the last check and met the runners and they walk back together.

*“A Hasher uses the Force for knowledge and defense,
never for attack.”*

The Hares were ~~punished~~ rewarded for being awesome and **Doggie**, the birthday boy, had a shot and a penis beer while we sang the usual. **Wee** was given a drink for not being able to read and we had a group down down for no reason at all.

*“So certain were you. Go back and closer you must
look.”*

We headed to **Wet Denim**'s house to eat and converse. **Humiditties, Curb, Doggie, Wee** and **Boner** went outside to sit on the deck but I said fuck that and sat inside by the fire with **Preemie** and **G-Spot**. We talked about this and that while we ate Greek salad. Yum

What a fun evening. Thanks Wet Denim
