## Captain Piss Up Rides Again

It's true that the Hash are a desperate bunch at the best of times. To be so desperate that they allowed **Captain PissUp** to hare again is really sad. His previous runs always resulted in catastrophe for some innocent victim: kissing a gross stinky codfish, being run into a post in a blizzard, pissing in the street, being thrown out of a bar, passing out in a hotel lobby, contests with no endings because all of the participants were too drunk to remember what they were doing, being picked up for soliciting, not being picked up when trying to solicit, taking pictures of X-rated body parts, drunken water sliding, waking up with a tattoo in an X-rated place and then trying to explain to your partner how you got it ... And the costumes: The Joker, Hutterites, dead rock stars, sex fiends, lecherous schoolgirls, etc.. Ah, I miss those days!

After imbibing at the local alehouse, the prelubers **Broken Boner, Chips a Whore, Curb Crawler, Don't Know Dick, Dripping Wet Gap, Mobeys Dick and Slippery When Wet** staggered to the run start at MacKenzie Trails. At the start of MacKenzie Trails – pretty easy to find - which is why we were really surprised to see **Wee Little Bladder** drive by everyone halfway through the run but still not manage to find anyone or show up for a free beer.

After long conversations, the lazy RA, **Cum Honour**, called everyone to order and introduced his virgin friend **Ryan**. Returning after a very long absence was **PussyFoot**, who had to be introduced to everyone as most thought she was a virgin.

The **Captain** demonstrated the trail markings and then evilly stated that the mosquitoes were terrible in the bush and there was no running hare and Good Luck to all of the runners. As the only other walker, I tearfully waved goodbye to them, thinking it would be the last time I saw many of them. He did say that there was one arrow and it didn't lie. So the pack took off in the direction of the arrow, except for **Drippy, Dicky** and **Titties**. They seemed to think the trail lay behind some trees so after waiting forever for them to leave; then we jumped in his SUV and drove to the hashhold. We then proceeded to have a nice walk around the ponds, looking for animals and finding only some very protective geese with their adorable fluffy goslings.

I saw the runners take off down the road, and didn't see or hear any of them until **Drippy** and **Dicky** materialized at the Hashhold. It was questioned by all of the pack if they actually ran the trail or just hid until they could hear the runners coming, but they didn't have any mosquito bites so.... ?? **Whoreslayer** and **Boner** were the next to appear, then, the entire pack showed up. Except for **Humidititties** – did the other 2 tie her up in the bushes somewhere? She eventually showed in time to enjoy the **Captain's** excellent hashhold.

At circle up, stories were told and the hare was rewarded. The virgin **Ryan** proved he would make a good hasher by not getting lost and finishing his booze in record time. **PussyFoot** was awarded the sleeve to celebrate her engagement.

The RA also sleeved for not telling his virgin anything about the hash. **Willy** was rewarded for being FRB and doing all of the false trails up the hill but then punished **Captain PissUp** for having false trails up the hill. **Wet Spot** and I were punished for showing up and surprisingly, the RA forgot to punish his mother, **Cum Liquor Snatch** for being there. It is strange how many times family members get “rewarded” by the RA, right **Dripping Wet Gap?**

OnOn was held at Mr Mikes, but I don’t remember anything having been punished by beer.
