I was driving to work on Friday morning reflecting on the great hash evening before where we enjoyed our weekly run, a great relaxing float down the river, and finally a fire, food and frivolous conversation. That's when I heard a program on the radio that caught my attention; Dr. Ruth was doing a special program with Little Johnny! Well we all know that anything that involves Little Johnny is going to be entertaining but I certainly didn't expect to hear him talking to an 85 year old sex therapist!! WTF?

Well if that wasn't enough to make me pull over to listen imagine my surprise when I heard things that sounded surprisingly familiar??? This is what I heard - you be the judge

L J: Dr. Ruth is it true that guys have to do all the work during sex? I hears someone named **Humidities** say that she just lays back and lets others do all the work with long even strokes.

But how can that be since **Cum Honour** stated that his penis was too short to put in?

But then **Curb Crawler** said no problem I use my clip on, but that makes me squirt then **Crash** chimed in and said he gets off early!

Speaking of early **G-Spot** and **Lady Mz. Daisy** proved that women always go first, but **Cum See My Box** said she goes rear first which makes me wonder about the bruised asses I saw, was that because of the paddles or getting rocked?

Someone called **Slippery** was infatuated with the rope and mentioned something about strapping on?

And what about types of sex toys? **Wet Spot** said she had an overinflated cock ring she was riding, and **Cum Liquor Snatch** was very verbal about learning/practicing a motorboat

Humidities and **Don't Know Dick** apparently discovered a brand new procedure of vaginal rejuvenation. **Whore sleigher** asked what the finger was for that **Sir Cums** gave him earlier but **GSpot** set him right and explained that was for women and **Sir Cums** took total advantage of him – no wonder **Whore** was using a floating donut

Sir Wee Little Bladder yelled loud and clear how he was going down, and **Premie** his always present wing man sat on the sidelines and watched him go down. **Pucker** almost joined him as her nipples apparently were in danger of damaging her water toy but instead she did the cougar crawl towards the group – apparently 10 is a good number for the keys in a bowl game. **Pucker** was definitely not a shy cougar as she shared with the group that she was only tanned from the waist down

At one point the group came across some sort of barrier, but **Hymen** just waved them all in and said after all that work you all probably need another drink. **Wee** yelled Loud and Strong how excited he was to be Docking and **Whore Sleigher** yelled his agreement.

So Dr. Ruth you can understand why I am questioning everything I thought I knew about sex. What do you advise?

Dr. Ruth: Well Little Johnny I only have one thing to say to this,

On On you Fucking Wankers!
