Pre-lube - It's a Very Small World....

I arrived at East 40th somewhat late to find a packed bar and **Humiditties** the only hasher in sight. Being very social hashers we grabbed libations and sat at a couple of empty seats of a bigger table. Conversation started regarding Red Dress Run shirts and the like and we quickly discovered we were with **Golden Dildo**, a long time hasher who winters in Thailand, and his lovely wife Ba. We invited them to join us for our run but apparently they only hash in +40 degree weather. **Chips**, **Cum Liquor Snatch** and **Just Willy** blessed us with their presence as well.

Because it was very busy at East 40th we decided it would be easier if I paid for **Humiditties** drink and then she would buy mine at the On On. 3 guesses who didn't show up at the On On.....

The Opening Circle

It was really cold. So cold that **Cum Liquor Snatch** was 7 layers deep and **Broken Boner** was not in shorts. **Precum Princess** and **Cutie Booty** joined us fresh off the boat from the Caribbean. Great to see them out☺.

Chips pretended to be RA in the absence of **Don't Know Dick**. He did a great job of pretending not to know dick.

In the spirit of **Nooky's** birthday we all got masks to hold, we all asked if we could run for free and we all asked where the hash hold was so we could drive there.

Somewhere here I made the mistake of asking who the scribe was and hence I am now writing this.

Although the crowd was a little small it was great to see we were mostly runners, with only hare **Wee Little Bladder**, **Ms Dazey** and **Cum See My Box** walking.

The Main Event

The run itself was pretty good considering it had been set by a retard and an old man (their own self-descriptions). I am not sure who was which. BTW **Whore Sleighter**, your definition of retard is a little different than Webster's....

Things started badly when at a check **Just Willy** and a couple of other runners apparently found trail they were not supposed to find. Panicked calls of "On hare" did little good and we missed seeing them for a while.

The run was highlighted by a few "Nooky checks". Although this sounds like we were supposed to find homeless people having sex in the bush, instead we looked for beer. Which was always found. Does anyone know what happens to beer when it is fucking cold out? Slushies all round.

Calls of “On hare” were very common. Sometimes to save us as we were lost. Other times to make sure we found the false trails before we found the real trails. Bastard. Speaking of bastards, there was one check right at the cemetery gate. Being a good hasher I entered the scary place to find trail. Turned around after a bit to see I was all alone and everyone else was quietly following trail in a different way. Luckily I was too fast for the ghouls, ghosts and zombies that no doubt were everywhere around me.

The Hash Hold

The blazing bonfire in **Wee Little Bladder** and **Ms Dazey’s** backyard was a treat. As well as the pepperoni, cheese and pickled onions. Mmmmm. And Pilsner. I don’t think I saw any licorice? But there was good company. Some of the softer hashers were lobbying for moving the circle back to around the fire but were quickly mocked as wimps. So On In we went.

The Closing Circle

Quick. Cuz it was cold. Thanks **Chips**. “Have Blanket, Will travel” was punished for looking so damn warm.

The On On

Fuck you all – Beef & Onion is a good pizza combo. At least better than the vegetarian and pineapple crap that the rest of you were eating. I am glad I didn’t share☺.
