Run # 1044- Feb 28th, 2019

Hare(s): Doggie Style

Location: Oriole Park skate shack

Prelube: : LBGs

On On: Oj's

Scribe: Wet Spot

This run was a good turnout and pleasant surprise, since I've been dodging hashing for about half the winter. I know, pathetic. Nothing out of the ordinary; just a “normal run” ahead of us. If by “normal run”, you think of a walk instead.

Because that was what mostly happened. Luckily **Broken Boner** and the -newly?- named Ex. **Humidities** (Now **Titties** n' **-Tassles?**- Or something? Only vaguely remember) ran ahead and made the rest of us look bad. And a couple others.

Also a wild Alpaca joined the group? It was warm for February, almost shorts weather. Debated switching to flip flops, but glad I didn't cuz our crafty hare Doggie trenched us through several long paths of deep snow, seemingly unnecessarily. My toes almost froze off, wearing the abysmally thin socks I chose to wear for some reason. This was alleviated shortly after with wine in the hare's suspiciously clean garage.

Also, a gigantic metal dinosaur he built blew our minds. I wish I was that good at sculpture. One day I'll make an even bigger dinosaur and throw it in my living room just to show him up.
