Seems that 2019 RDH3 has a magic number and it is 8. Eight hashers showed up for this fabulous run on this wonderful Thursday night. Let's see the runners included our fair haired hare – **Pucker, Boner,** and **TNT** and the walkers were **Curb, Chips, Wet Spot, Cum Honor** and **DKD**.

Prelube was a little slim with only 4 tough hashers willing to sample the golden nectar prior to partaking if the twists and turns, ups and downs, and turn arounds that were to come.

We started on the south of the mall funny right at the bottom of a hill, well you'll never guess where the runners first found trailup up up they go until X marks the spot, we the smart walkers watched them climb up and come down before we decided to start to wander in the opposite direction at our leisure. Soon we found trail with a few hints of flour to follow, which pretty soon lead us into a lovely wooded area that looked familiar but had recently been revamped to include newly cut trails for us to explore.

The walkers had a wonderful visit and enjoyed the new scenery; funny we didn't see or hear anything

from the runners. Later they weaved a tale of whooo about how they headed off following a trail of flour that led them up and down, through a BMX course.

We of course laughed at them as we know they were just trying to make it sound like a hard and long run. This we might have believed except that they had their own running pylon with them so we know that they used that to stop traffic and short cut.

While the walkers were enjoying the family of deer checking us out and the great night, over the hill we caught a glaring beam of orange – low and behold it was **Boner** not a pylon at all. Guess he didn't get the memo to wear dark colors to blend in.

After a short duration in a completely different direction comes **TNT** and **Pucker** – seems they all just went their own way.

We then collectively headed to the HH where we enjoyed some chilled beverages.

At Circle up we were all thrilled to see that Mitzy's cousin has finally arrived, guess the wall was higher than she expected but she has arrived and looking forward to getting to know each and every one of you over the next year.

Some punishments were given, some songs were sung, and lots of Bullshit flew around.. All in all it was a wonderful night with a great trail, great hashers,

and a great night.

We all finished at Mr. Mike's for food and more beverages. And it also turned out some very candid snapshots on **Pucker's** phone – I guess she kept those for her own personal viewing pleasure☺

(Lord's Prayer)

Our beer,

Which art in barrels,

Hallowed be thy drink,

Thy will be drunk, (I will be drunk),

At home as I am in the tavern.

Give us this day our foamy head,

And forgive us our spillages,

As we forgive those who spill against us,

And lead us not into incarceration,

But deliver us from hangovers,

For thine is the beer,

The bitter, and the lager,

Forever and ever...

Barmen.
