Well shit. I take a few weeks off, finally have a Thursday evening free and end up in the wrong subdivision looking for schools. At least I had the letter ‘M’ right...so 7:02pm arrival means: dedicated scribe. The good news is that I got to be a part of history. The first ever 100% runner hash in Red Deer...and thanks to **Slippery** for stepping up and haring us on a beautiful run...all 8 of us.

After a somewhat convoluted run explanation ending with an arrow that didn’t lie (but did point to a bordering fence) we made a group decision to call it a liar and go around, quickly finding the so-called “heart-shaped” marked trail nearby.

We were forewarned...there was potential “Beaver” on this adventure. There seemed to be a good set of checks; a check-back or two; a false trail or two; and even some arrows that did not lie (for real). Shortly into the gallivanting we were blessed with our first beaver sightings. Blessed is a loosely used term...ravenous may be slightly more appropriate? Turns out it was just the small bladder committee of **Hummiditties**, **Slippery**, and **DKD** squatting in the bush...not sure why they were holding hands, must be a woman thing!?

A short jaunt further and the actual Beaver sighting was realized...unfortunately, no actual Beavers but, a structurally fascinating dam that was revelled with a party of ‘oos’ and ‘ahhhs’.

Boner and **Curb** quickly drafted a structural diagram showing the improvements the beavers could make in their design...and on-on, through the crack tunnel. I volunteered to find the false trail up the hill which ended-up being the heart-shaped path to glory. Somewhere on one of the check-backs we lost **Chips** from the front of the pack...I was moderately concerned as this seemed atypical. Everything okay man?

It all ended with 100% runners and 100% successful finishes though...re-grouping in the swarm of mosquitos for cold refreshments. A beautiful run indeed...even with no red licorice provided! **Crash** proved to be the only non-racist and thoroughly enjoyed taking a couple long black ones right into his mouth-hole. Good ol’ black licorice...what?!?

Circle up back at one of those locations I’m supposed to stay 150 yards from (shh, don’t tell...) to only a few punishments. A bit of incorrect name usage, a bit of “well we drank, so you have to drink” whining...you know, typical.

On-On at the extremely hopping Burgandy’s where we had a 100% turnout! And a 100% steak-sandwich order (even **Hummiditties** popping her Steak-Sandwich cherry!). History made.

My apologies for missing the pre-lube for the triple-crown. Will give the next group something to strive for!
