Run # 1075- Oct. 3rd, 2019

Hare(s): Deep Throat with a little help from her virgin friend

Location: Notre Dame High School

Prelube: State & Main

On On: Chillabongs

Have you ever just wanted to go out after a hard day of work and just have a few drinks with some friends and possibly go for a run?

Well I have and this last Thursday there just happen to be some of my friends out at State and Main and just so happens they were going to go for a Hash Run so I met up with **Curb Crawler, TNT, Slippery When Wet, Crash Test Rummy, Broken Boner, Sir Mobey's of Dickus, Cum Liquor Snatch and Deep Throat.**

Have you ever had someone be so obsessed with the gospel that comes out of your mouth that they create a shirt based on those comments to assist themselves in daily self-improvement?

Well I have, **Slippery When Wet** wore a shirt she had made that said, “the top ten things that she does that annoy Chips” The shirt was only so big and top ten was very modest of her. She also wrote on the back that making shirts was annoying as a number 11, but as a note that never came from my mouth but now that I think of it, it can stay. I normally charge for this type of advice but consider this a gift.

Have you ever been to a Hash run where the weather at the prelube is pretty nice then when you get to the run its fucking colder than shit?

Well I have. When I went to this run, I was wearing shorts and a T-shirt, when I got to the run I was scrambling for any piece of cloth or rag to paste on my body as the wind was biting. Wearing two different gloves and a couple of coats I found.....

Boner wore shorts.

Have you ever started a run and thought – The walkers are not even going to walk but go straight to the Hash Hold we can clearly see and drink beer the whole time while the runners run.

Well yes, I have. The walkers went straight from circle up to the “unknown Hash Hold” I am guessing to grab some beers and lounge in the warmth of the abode. Update: I think I saw them on the run so guilt must have kicked in.

Have you ever been on a Hash Trail with so much flour put down that you know if you set one there 4 weeks later you likely wouldn't need to buy any because the markings would still be there?

You may have not but I have. There was so much flour down on this run that we saw some homeless guy pouring water, baking powder and chocolate chips into one of the piles and stirring it into a cookie dough batter.

Also **TNT** tripped over one of the mounds.

*Have you ever shown up to a **Deep Throat Run** and thought well this shouldn't take long?*

Well I have but that wasn't this run. This run was more like she set it walking her dog and chattering to a friend losing track of time all the while dumping 2 cups of flour every six feet

Have you ever gotten to a Hash Hold when its at a house you don't know and you are unsure if it's the right place but really want a beer and some liquorice and possibly some pepperoni sticks and feel like you should knock on the door at least before just walking in because its cold outside and helping yourself to whatever may or may not be in their cupboards in hopes it is the right place.

Well I have. The walkers were taking their time sipping on their 3rd or 4th trail beer as the runners froze their asses off starving and thirsty.

Have you ever been to a Hash Hold that had deviled Eggs made by a virgin who never did the run but stayed home to make everyone deviled eggs?

Well I certainly have, and they were delish thanks **Dar** and we were glad you stayed with us for circle up. The last Deviled egg sat on the plate for a very long period of time with approx. 7 hashers eyeballing it and no one wanting to make a move and take it. **Cum Liquor** snatch said to take it but the timing wasn't right so I waiting, checking back every few seconds to make sure some Asshole didn't sneak in and take it on me and guess what? After my 32nd check in some asshole took it. I don't know who you are.

I don't know what you want. If your looking for ransom, I can tell you I don't have any money..but what I do have are a very particular set of skills. Skills I have acquired over a very long career. Skills that make me a nightmare for people like you.

Have you ever been at a Hash Hold and thought is this shit too fancy for me?

Of course, I have. Not only were there Deviled Eggs but there was liquorice served on a plate. Hashers were in awe of this unprecedented display and ate it like caviar. Side Note: As a liquorice expert I knows when you put liquorice on the plate its because you have a sweet ass huge bag of it in your cupboard and you don't want all the greedy asshole hashers eating all your stash of delicious treats. Well played!

*Have you ever been at a circle up where someone pisses, and moans and **Broken Boner** of all people rushes to his vehicle to grab the piss and moan shirt that he attained somehow someway to hand it off to them?*

Amazingly I have. I have not known **Boner** to Piss and Moan about anything and I must have missed this event. Maybe that is what he was pissing and moaning about??

*Have you ever had to sing Happy Birthday to someone who tells you how old they really are and you cant believe they are that old because they look much younger and more full of energy than someone who would actually be **THAT** old in real life?*

Well yes, I have. It was a long time ago and I forget who it was, but I do recall feeling this way at some point in the past. Side Note: I think someone said it was **TNT's** Birthday or something tonight at the run as well, if that is correct Happy Birthday **TNT!!**

Have you ever been promised by someone that they would not force you to drink something you cannot drink but then you end up being forced to drink it like they didn't care or lied to you directly and were just being rude?

Wellhmmm..... that's a tough one.... But yes, this has happened to me.

Annoying and added to the list.

Have you ever been assigned to scribe, completely forgot and went about your weekend without a care in the world? Feeling like you had all the time in the world to do not much of anything really but relax and chill only to be reminded that it was your turn and that it was due by a due date and that people were expecting it to be handed in and you may or may not have forgotten most of what happened at that run but were going to put pen to paper and just figure shit out?

Well can't say that has ever happened to me, I wrote this scribe during circle up.
