Location: Bower Mall

Prelube: Tony Romas

On On: earl's

Tylenol PM.

Being under the weather TNT decided to take a couple of Tylenol PM's before she headed to Prelube. She had been in bed for three days with a terrible cold and she was very nervous she only had time to walk the trail 12 times. She had a glass of wine at the Prelube to calm her nerves. We found out a lot of things about her this evening;

She has decided to kill her husband. TNT told everyone she took out extra life insurance on him so I can do him in on their upcoming vacation. At least he will die happy she says.

TNT also said that Chips and Curb were like Tiny Tim in the famous story; A Christmas Carol. They were both too crippled to run. Curb was worried about his pending trip and Chips was falling apart after returning from his trip.

TNT was a little worried about Broken Boner. She said, “He just stands on false trail markings and doesn't move until we all get there”

She spends a lot of time looking through people's windows at night. During the run she took us to several houses and just stood there. We were too shocked to say anything so eventually Whole Sleigher shouted ‘false trail’ and that woke her out of her trance. I gave him an extra reward for that disguised as a punishment but we had a silent head bob to acknowledge the real reason

TNT was pretty out of it when she gave Cum See the walking map because she gave them the map that led straight to the bower shaking shack; the hash hold. TNT expected three or four meet ups with the walkers but they missed all of them. Drippy, Don't Know, Chips, Cum See and Curb were just taking off their skates when TNT checked in on them.

TNT was saying how lucky we were to have Tom Cruise run with us that night. I went along with the gag and punished Whole Sleigher for wearing his Top Gun movie “look” while running. Not many of us could run with jeans and a leather bomber.

It was recently Cum Liquor Snatch's birthday so we sang her the song. Most of us sang her the Birthday song. TNT just mouthed the words; secret vendetta or sore throat. We might never know.

TNT also read out her grocery list at the final circle up. We all laughed and I took a punishment to save her feelings. That's a lot of wine and Tylenol on that list, TNT.

Most of us headed to Earls to have a great time. Magic 8 in all.
