Run #2 – May 14th 2020

Hare: Mobey's of Dickus

Location: Mobey's of Dickus

Prelube: Mobey's of Dickus

On On: Mobey's of Dickus

Scribe: Slippery When Wet

Seeing how we are doing things differently I decided that the scribe would be a little different too.

Don't worry; things will go back to normal...soon.

We met in **Mobeys'** back yard on a beautiful spring evening on May 14. **Pucker** has shown us that we can still do hashing things. A few weeks prior she and her future hashers set an independent run. Who cares if they wrote scandalous things in an African church parking lot? We had fun.

Mobeys' was next to take the plunge. **TNT, Wee Little Bladder, Lady Miss Dazey, Cum liquor Snatch, Sir Cum's A Lot, Doggie Style, Cum See My Box, and myself, Slippery When Wet** all came out for the run.

It was nice to get back to a little bit of a routine.

In this opposite world up is down and running is walking, right?

We circled up; Some walked, some ran and some did both.

The run was a challenge and **TNT** who mentioned she forgot her Knee brace said "it better be short" took off from the start and was never seen again.

Sir Cums and **Cum See** tried to find short cut down a treacherous hill to get back to the booze they left behind.

Wee decided to change the walker's course and we all got lost.

Doggie talked about his many projects he was working on didn't much mind being lost.

Lady Miss Dazey had a furry friend along for the walk and were quite put out by our pace.

I took one for the team and went both ways.

We had a circle up and punished **TNT** and **Cum Liquor Snatch** for wearing parkas. **Wee** for complaining. Who has that piss and moan shirt already!?! And I got punished for something false.

We missed a few of the regulars who thought they had a life.

We had some late visitors who arrived in time to sit around the circle. **Chips A Whore, Dripping Wet Gap** and **Curb Crawler** missed the run but not the onon.

Don't worry mom, we socially distanced, didn't share snacks or *hand out* punishments.

When am I going to get to give someone the sleeve or the plank??
