A Second Rate Scribe

Does anyone really remember something or someone that came second?

Who lost the Grey Cup? Who did **Chips** beat at pretty much any game? If you are not the oldest sibling, your parents barely remember your name. There is no joy in being second best.

This was the situation **Whore Sleigher** was trapped in, having to hare the week after what was possibly the greatest run of all time. So even though he did a wonderful job, nobody remembers. Particularly this scribe, apparently.

I know it was in the Timbers. and somebody parked in the wrong spot for pre-lube (I cannot say but initials were **TNT**). It was right beside a check that we apparently weren't supposed to see.

The run was good through a mostly abandoned neighbourhood with fences in weird places.

And the poor lady with a dog that we ran past 17 times was probably getting a little annoyed.

Hash Hold was a cool park with structures that looked ready for a human sacrifice. If only we had a virgin.....

Curb Crawler, **Wee Little Bladder** and special visitor **Mount Me** showed up late and were rewarded with the plank. **Whore Sleigher** got to enjoy a shoe cocktail.

It was **Slippery's** last run as RA and it was good. She may be the 2nd best RA of all time. So will soon be forgotten.....
