Dear Mr. Test Rummy,

The substitute teacher that was brought in, **Mr. Little Bladder**, was not up to par with your superior leading abilities. Me being my **Puckerfect** self, volunteered to write down all the transgressions that occurred during your most missed absence under his care.

It all started when he let **TNT** run all over the place throwing flour everywhere! It took 10 hash minutes to notice she went missing. **Boner, Slippery** and I and the rest of the class Including **Lady Mz. Dazey, Lady Cum See my Box, Don't know Dick** and **Curb Crawler** wanted to go find her as soon as possible, but **Mr. Bladder** insisted we stay and wait and let her get further and further away. By the time he did allow us to attempt to catch her, she was loooong gone.

When we were finally released, a stranger pointed us in the left direction, that's right, he let us talk to strangers! **Slippery** could have been hashnapped! **Broken Boner** had to run a bit faster to keep warm, **Mr. Bladder** let him out of the classroom clearly under dressed. **TNT** had made such a mess, flour marks were everywhere, big marks, small marks, teeny tiny marks. She was fairly easy to track, but we never did catch her, she's a quick one.

Not long after, **Mr. Little Bladder** started to complain about having to relieve himself and his unwillingness to do so in an outdoor space - **Don't know Dick** took over the navigation and started heading back to dehydrate for one and rehydrate the others. Along the way they found a tired out **TNT** curled up under a park bench, clutching her flour can and dreaming about this years ASS. **Cum See my Box** was prepared and had her emergency Hash Hold call to whisk us back into group again. **Curb Crawler** did the class count and noted **Slippery** was missing (perhaps she was hashnapped after all) she did find her way after a time, she must have smelled the beer that **Mr. little Bladder** spilled all over your desk. I never forget a thing **Mr. Test Rummy** and **Mr. Bladder** even said he was going to do IT with you, we all heard it - **Mz. Dazey** nearly

fainted, I think he has a crush on her too, teacher student inappropriateness don't you think, tsk tsk.

The entire hash class made sure **Mr. Bladder** was thoroughly punished for all his indecencies on your behalf and we look forward to your return from your Adopt-a-Tree trip.
