Run #1151 / July 29th 2021
Hare: Curb Crawler - Bike Hash

Location: Sylvan Lake

Scribe: Slippery when wet

Late Late for a very important Date

It is appropriate that I use my magic 8 ball to answer a few questions that I have been contemplating regarding the last Hash night in July.

1) Will **Cheap N' Easy** become infected with so much wasp venom that she becomes their queen?

It is certain.

2) Does **Crash Test Rummy** make it a year without living up to his hash name and need to get re-named.

Very doubtful.

3) **TNT** likes to talk about M's and T's and sometimes R's as well as report the KM's travelled on hash runs. Will she be punished again soon?

Yes, definitely.

4) Did **Curb** have an excellent bike hash in Sylvan with over 14km of trail (thanks TNT)?

Without a doubt.

5) **Preemie** used technology on trail to make a phone call (on speaker). Does he know technology is not allowed on trail?

Reply hazy, try again.

6) We got to see **Cum Liquor Snatch** again. It's been a while. She did not bring or wear a helmet. Should we ask her to wear the hash helmet next time she hashes?

As I see it, yes.

7) We lost **Blow Stick** for a short time. Is he trying to fake his death and start a new life in Sylvan?

Most likely.

8) **G-Spot** tried to run me down while on trail. Is she just shy and doesn't know how to strike up a conversation?

Very doubtful.

9) **Cum See My Box** was on time. Do you believe it?

My sources say no.

10) **Slippery When Wet** volunteered to write the scribe but was late, again. Will the RA give her a break for her tardiness?

Better not tell you now.

11) Will **Blow N' Hoes** join his queen when the time comes?

Signs point to yes.

12) Did Doggie Style happen to be in Sylvan and join us for the OnOn?

Yes.

13) Will Olga, our virgin will come out again?

You may rely on it.

14) Will we see each other again?

Outlook good.
