Run #1151 / August 5th 2021

Hare: Slippery & Crash

Location: Murphs

Scribe: Sir Wee Little Bladder

After being away from hashing for 3 months having a new scar installed, my first run back certainly turned into a unique hash experience, and certainly will be a contestant for "Run Of The Year"!!!

Crash and **Slippery** were the hares, who told everyone to meet up at Murph's, for Pre-Lube and the Run Start.

Whore Sleighter very kindly offered to give me a ride, and on arrival, **Slippery** and **Crash** were already there, along with two hashers I hadn't seen for a long time, **Cheap 'n Easy** and **Blowin' Ho's**.

The six of us sat, chatted and drank, while we waited for the other hashers to arrive. Unfortunately, as it's been through these strange covid times, no other hasher arrived. Not to be dismayed, we carried on having a fun time and ordered more drinks.

After a while, our honourable RA suggested that instead of getting all hot and sweaty running and walking through streets, back alleys, shiggy trails, across rivers, up hills and down dales, why don't we just stay where we were and order another round of drinks?? Well, we took a vote on this proposition, and it was unanimously agreed upon. So.....we stayed where we were, and carried on drinking!!!!

Why, I ask myself, haven't we thought of that before?? In 24 yrs of hashing, I don't understand why we always get sweaty, dirty, wet, tired, and out of breath every week, when we could all just stay in the pub and get pissed??? Well done, **Crash!!** Maybe you've discovered a new way of hashing in the future???

As always, it was a great night and good to see you all again.

Hopefully this week, we'll have more hashers show up as I think we're going to have a visit from **Mount Me** and **Hand Job**!!! Now that should be something!!!! 😊👍 Can't wait!!!

Oh, I forgot to mention: The next morning, I was looking around the house for my walking cane. I searched everywhere, upstairs, downstairs, the basement, but it was nowhere to be found. I phoned **Whore Sleigher** to see if I'd left it in his truck? No. Then **Mz Dazey** asked if I could have left it in the pub? No, surely not!!!! I phoned Murph's on the off chance that I may have, and sure enough, they had it behind the bar waiting for me!!!! First time back and these hashers are already leading me astray!!!! 😊👍

On On,
Hopefully, see you this Thursday,
Wee
