Run #1159

Hare: Broken Boner

Location: SPCA

Scribe: Pucker Sucker

Boner was our hare for September's last day,
he set a false trail to celebrate.

Curb Crawler likes his bush extra thick,
but when it got smelly he moved extra quick.

Slippery checked down a particular path,
all that she found was **Crash's** new Gash.

TNT ate mushrooms and started to disrobe,
she encountered some aliens and was ready for
probe.

Mobey leaped over a fence, his sac almost
caught, good thing for his tighties, his nuts
almost not.

Oning along with a laugh and a chuckle,
we came to a slow when we passed 4 moose
knuckles!

Cum See wondered very boldly, conveniently,
straight to hash holdy.

Don't Know Dick was not on cue, but she did
show up - with a new hairdo.

Beers were downed, dranks were had,
thanks to **Sir Cums** for the new hash pad.

OnOn,

Pukahh
