Run #1165 / November 11th 2021

Hare: DKD

Start: Church on a hill - north of Cheers

Hare: Scribe: Slippery

Every HASHER Down in HASHville Liked Running a lot...But **DKD** Who was a walker, Did NOT! She hated RUNNING! The whole Idea of RUNNING!

Now, please don't ask why. No one quite knows the reason. It could be her head wasn't screwed on just right. Who said Head?

It could be, perhaps, that her head lamp was too tight.

But I think that the most likely reason of all, May have been that she was a walker and

Whatever the reason, her head or her headlamp she stood there on Hashing Eve, hating the Runners

Staring with her hound Jinx, with a sour, walker frown,

"Tomorrow is Hashnight! It's practically here!"

Then she growled, with her hash fingers nervously drumming on her Corona bottle,

"I MUST find some way to stop Hashing from coming!"

I know she said; I'll make my trail 10Km long in the shape of America! Burn!

We had some virgins who showed up too. I'd like to thank **Grabin' Wood** and **Mobey's** for inviting them. **Carson, Jared**, and **Kaeden**; or how I like to call them; *Three Blind Mice*. If you look on the map we searched from "Charlston, South Carolina" to "Jacksonville, Florida" for a good long time before they noticed the ON ONs showing the way. I don't blame them. **Mobey's** should have taught them how to search for trail.

Since our hare doesn't run, **Don't Know Dick** asked **TNT** to lead the way. She did a great job herding 10 hashers; 3 of them virgins, along the entire coast of America but there was a point

where she gave up. It reminds me of the story of Snow White and the Seven Dwarfs or the not so popular version; *TNT and the six Runners and 3 virgins*.

In this story **Don't Know Dick** is an evil hasher who sends **TNT** out into the cold with a group of misfit characters named **Slippery, Crashy, Woody, Curby, Puckery,** and **Mobey's**. They were sent with three virgins to make the story more relatable to hashers.

Quick synopsis- **TNT** follows the trail left by the evil hasher until she realizes the birds have eaten it all up. She asks **Curby**, one of the hashers to lead them to the witches house to eat candy/drink beer before realizing the three virgins are really bears in disguise. The bears foil the efforts of **TNT** and the other hashers by wearing inappropriate footwear. **Puckery** kills a big bad wolf and saves the day. It gets a little weird after that. It's no wonder it's not the version we all know and love.

At Circle up it's cold and **Crash** handed out some much needed quick punishments. **Lost Ann Found** was accused of staying in her car the entire time. I don't know if it's true but she threw the entire walking group under the bus with her. I guess **Beef Stroking Off** and **Finger Food** can't handle the cold after moving down south. Also in the group were **Sir Wee little Bladder** and **Lazy Ms Dazey**. I can't imagine **Ms Dazey** doing this but maybe **Wee** talked her into rubbing out hash marks along the way. I have no proof of this and no one accused them of any such thing but someone did it and it's impossible to prove either way. **Pucker** was also punished a lot considering it was her birthday.

Did I miss anything? Probably.
