## Run# 1182 - June 16th

### Hares: Crash Test Rummy

Prelube & On-on: Toad & Turtle

Run start: parking lot just North of Lowe's (King Crash Coronation Site)

Scribe: Captain

I arrived 10 minutes early for our somewhat dry hash run at Crashes corner. Not seeing anyone I drove over the hill to see Crash's SUV. I watched as Crash with flour dispenser in hand heading into the woods. Quite suddenly to reappear as though something startled him. It was a moose!

I then drove back to the traffic circle to see that the group had arrived. Parked nearby was an old camper van, that looked like mine. The group; **Crash, Slippery, Pucker, Broken, DKD, Curb, Gum See**, a special appearance featuring **Deep Throat**, and the still unnamed **Shannon**.

**Crash** confused the chit out of us explaining the difference between the white and red flour!! **The Captain** had a harem of lady walkers. Lucky guy your thinking? Right! Wrong!! Trying to decide which way to go at the first check almost turned into a WWF event.

Now with my extensive experience with hashing along with my built in radar we kept on trail. There was

mud! There was homeless camps! Even a killer frog sighting! A very good time was had by all.

As we circled up a couple came out of the woods and jumped in the van. I was asked to invite them to circle up. **Tim and Amanda** agreed as there was free beer. After introducing ourselves she explained that she had taken a bath in the slough, Crash named her **Beaver Fever!**

Did I mention that I'm responsible for swill until **Broken** returns from his summer fishing trips. **Wee**, there will be Alexander Keith's!!
