Run #1196??

Hares: **Broken Boner, DKD**

Location: **St Teresa School**

Prelube: **JDs**

Weather: Cold, damp and very icy!

I was surprised by the enthusiastic greeting tha I received when I rolled up, but soon realized that it was because I had the missing swill, with **Wee Liitle Bladder** and **Miss Daizey** off enjoying the warmer climes of Victoria.

The runners (**Pucker Sucker, Prickly Bush, Curb Crawler, Broken Boner, Crash Test Rummy, Slippery When Wet, Ther** and **Dixie Cup**) ran off into the fog. Apparently they had a really long trail with multiple checks and falsies, typical of a Boner run.

Our HOTY was missing, but enthusiam was provided by **Dixie Cup**, bouncing and jumping almost as much as **TNT** normally does. The walkers (**Don't Know Dick, WhoreSlayer** and **Cum See My Box**) were delighted that they had to do all the checks and false trails as Boner provided only a hint to DKD about where she was to lead us. There was a lot of wandering around treed lots and through deep snow before we heard the runners yelling OnOn and hid behind a fence. We finally ended up at a church with a familiar vehicle parked behind it. We had barely opened our drinks when the runners showed up – amazing timing!

At circle up, after rewarding the hares:

Pucker was given the royal bumps and a shot for having her 21st birthday again,

Dixie Cup was commended for driving to Edmonton for Sir Nookey's memorial run in a major f'n blizzard and picking up the rest of RDH3's tshirts,

Prickly Bush was punished for loosing one of her rubbers. Rumour? Innuendo? Confession! has it that the missing object was found much higher, reenacting how she got her hash name in the first place

WhoreSlayer was rewarded for talking too much, laughing too loudly or something else that I can't remember

We retreated back to JD's for much needed hot Jalapeno Cheddar soup!
