Wee Daisey Run

Run #1217

Hares: Wee Little Bladder
Location: Old CoOp parking lot
OnOn: Murph's

This is probably the last scribe of the Year, will it be Scribe of the Year, probably not.

The next previous RA circled us up, little unknown known fact, 1 out of 8 hashers do not know whom our RA is. Quid Pro Quo. I don't know what that means, but it is highly fun to say.

The Hare, **Wee little Bladder**, sexplained the way and tossed in a little Prayer. I don't know a lot about this run, but I do know this, there was no river crossing, was one promised? no. But **Whoreslayer** wore his Borat suit anyway.

This run had many long cuntfusing false trails, but there was no crossing of the River. **Cum see** was sporting her shiny new Water Wings. Quid Pro Quo.

We did not go over it, we did not go under it, and we did not go through the River. **Don't Know Dick** had just fishished learning fishanese for the forging of the River, that did not occur.

Lady Miss Daisy was starting to get very Dry. Oh where can she possibly get some Wet. We regrouped very near the River, but we did not enter it.

Dixie Cup had carb loaded fruit from the trail for the trek across the River, that we did not do.

I had been preparing my Breaststroke for the wild rapids ahead (who said head). No preparation was needed. We did a lot of the things this run, but we did not cross the River.
