HASH NEWS

It's tight but we made it all fit

Politics - Run of the Year

Pole results are in - nineteen hashers agree that the run of the year was held in Southbrook last Thursday. **Sir Mobeys** and **Grabbin Wood** used a liberal amount of flour and were not conservative with the hash hold treats - No Damn Problems to be seen. If any harriettes are interested in doing more pole work, please let us know.

Sports - Whore Sleighter Put on Waivers

Whore Sleighter was obviously not there. Rumours abounded that he slept with both of our young stars' (**Dick See Cup** and **Can't Cum**) moms. Or was it **Pucker Sucker's** dad? Later we were told that in a drunken stupor he insulted **Wee Little's** guitar playing and **I Like it Hard's** drumming. Nobody really knows for sure, but hopefully he'll be allowed back some day.

Editorial - No More CPP

They want to get rid of CPP and I could not be happier. During the run many had to See Pee Pee from **TNT**, **Slippery** and **Don't Know Dick**. No more See Pee Pee for me!

More Political News - Representative Expelled

After a thorough investigation it was determined that **Crash Test Rummy** was engaging in wildly fraudulent abuses of run fees, Trips to Nashville and premium subscriptions to OnlyFans and CatErotica were not the intended use of hasher beer money

International News - Miners Rescued

After years away we discovered that **Wet Spot**, **Pussy Foot** and **Cum Honour** were stuck in a hole in some far away foreign land. After a good drilling, rescue efforts were successful and it was so great to have them back. They will have to relearn how to run and speak, but otherwise they seemed ok.

Labour News - Sugar Strike

The sugar shortage really hit home with a severe shortage of Oreos at the hash hold. Luckily Ladies **Ms Dazey** and **Cum See** were placated by hot chocolate and Rum Chatta or uncivil unrest would have started.

Environmental - Climate Change Conference

At the East 40th pre and post run conferences many resolutions were discussed and agreed to. **Prickly Bush** and **Curb Crawler** discussed that it was way too warm for running. **Laura** resolved to reduce the temperature in her mouth by at least 1.5 degrees of hot sauce. But 2 for 1 pizza seems a great way to economically save the hashers from starvation.

Current Events - Hash Christmas Party

See you all there!
