Sorry this scribe is late, but I was chosen to scribe under totally false pretences!!!! I wasn't the last to arrive, and I'm sure the bottle that **Don't Know Dick** spun, didn't land on me!!!

Don't think I'm moaning by any stretch of the imagination, but a little complaining won't do any harm!! 😊😂😂

Once again, sorry it's late, but I hardly remember what I did yesterday, let alone two weeks ago!!

Sir Wee Little Bladder blessed us with his presence at the Pre-Lube. He had decided that his current condition wouldn't allow him to join:

Frolicking through the Forest.

Broken Boner presented himself, but his sexy legs were not showing on this episode of:
Frolicking through the Forest

Mount Me kept some of the walkers in check, following a rainbow trail of flower, hidden in the glistening snow while:
Frolicking through the Forest.

Lady Pucker Sucker wasn't able to disappear from everyone, this time, due to all of the false trails that were found while:
Frolicking through the Forest.

Dick-See Cup was able to sniff out the rest of the false trails and yet still had to face a pending punishment for some sort of "Too Much Competitive Gazelle" behaviour whilst:
Frolicking through the Forest.

Don't Know Dick was seen spreading her legs wide for a big piece of wood, even in the lower outside temperatures, while she was out:
Frolicking through the Forest.

Lady Cum See My Box took another approach, going down under the big piece of wood. Taking it from the rear was an admirable choice while:
Frolicking through the Forest.

Crash Test Rummy ignored the big piece of wood, which promptly pickle-flipped him into a more appropriate position for true enjoyment of:
Frolicking through the Forest.

Prickly Bush felt sorry for the big piece of wood. Just about everyone rushed through. She took her time and appropriately straddled the wood. Her back was covered in white stuff at circle-up, so she obviously had the best time:
Frolicking through the Forest.

Except for **Curb Crawler**. Watching the girls deal with all the wood clearly meant he had the best run ever, out of everyone, tonight. Who doesn't enjoy watching girls:
Frolicking through the Forest.

Thank goodness **Whore Slayer** brought the swill so we could have cold and wet beverage (not frozen) after:
Frolicking through the Forest.

Slippery When Wet supplied some, Blackest of the Black, Australian Treats to place in our mouths. Short, stubby, soft and squishy...a pleasant end to:
Frolicking through the Forest.

Slippery When Wet also attempted the most punishments received in one circle-up for blatantly ignoring multiple unwritten Hasher Commandments during her adventure of:
Frolicking through the Forest.

ON-FUCKING-ON!

Thank You!
