Run #1263 – 20th Mar 2025
Hares: Sir Mobeys & Likes it Hard
Circle up: Bower Mall, E Corner
Scribe: Cum Honour

First run of the spring! So all the boners who missed my birthday to be in warmer countries actually fucking showed up. The hare RA didn't have his shit together enough to set the trail himself, so **Moby** and **Likes It Hard** had to throw together a run on the fly. And it showed.

Crash, who is easily confused, lead us the wrong way for a while based on some graffiti on the ground. We had to choose, at one point, between a vicious dog and a homeless encampment. **Wet Spot** was falling down, I was pissing, **Mount Me** was **Pissing** and falling in it. It was a ruddy shit show.

It was warm enough that four people wore shorts, so it wasn't just **Broken boner** having his balls hanging out of his pants for a change. It was warm enough that **Curb crawler** actually got himself into the running group and was FBRing for a bit.

All in all, first good spring run. No head lamps this time, so we're safe till next daylight savings change over.
