Prickly Bush's Puberty Run

Meeting at the legion was a great dedication for the hashers to start, because for once we weren't the oldest people there. **Prickly Bush** started us off by impressing us with the daintiest most well drawn showing of trail at the beginning of circle up. This was not a good indication of what the rest of the run was going to be. I found myself not once, but twice running into false trails where I had to stop and think “is this an x? Is this an x in cursive? Do I know what an x in cursive even looks like?” No, I do not.

At one point we got to watch **Crash** and **Dixie** run into the bush following an arrow that wasn't drawn by the hare. We also got to watch Dixie almost get hit by cars several times.

This run was particularly racist as well with 5 hashers getting punished for using racist terms, and me as well for innocently avoiding assault from **Wet Spot**. No Justice around here.

Walkers met a potential new hasher, but none of them spoke deer and the deer was also not bilingual. Maybe this will convince them to learn a new language, but self betterment is not in the nature of the hash so probably not.

Many hashers also literally turned this in to a prickly bush run, going foot first into prickly bushes. Have fun picking those burs out of your shoes for the next month boys and girls.

The run was topped off by a fantastic showing of **snow birds** flying over us, that I can only imagine they did to celebrate and respect the Thursday hash. It was especially good because it drowned out the horrific singing voices we have to endure every week at our down downs.

Great second first run **Prickly Bush**. Can't wait for your third first run.
Also **Wee** can go fuck himself.
