Mud, Sweat and Beer

The Pre-Lube at JD's bar was missed by yours truly so no gossip about the shenanigans that went on.

It was a beautiful night for a run and the pack gathered at the SPCA, Cantilingus who pulled up just in time to avoid the punishment of scribe duties which was decided by spin the bottle. Did anyone else spot **Wee** shifting just at the right time? I digress.

R.A. **Dick See Cup** called the circle to order and after introductions, Hare **Broken Boner** looking sheepish sporting wet muddy runners and covered in burs, explained the hash markings for the night to the increasingly anxious pack. He used a novel way of showing the markings using a water bottle!! It worked well!

The runners were sent off in the direction of the Arrow (apparently it didn't lie), risking life and limb by avoiding cars trucks and electric scooters to find trail. The walking hare **DKD** directed the walkers in the opposite direction behind the SPCA (unfortunately, there were no pups to view in the play area, as they must have known we were coming), and on up and up and up to follow a well-trodden path crossing several trails and markings along the way.

As we scoured the many trails of the Pines hunting flour markings, I only had a brief view of the trouble the running pack got into as they blazed by!! I saw **Cantilingus** breaking trail, then screams, as **Slippery Crashed** into **TNT** as **Sir Mobeys** was **Grabbin** a **Broken Boner** as **Dick See** likes it hard .

DKD & Cum See tried to conceal a check by standing on it, but were spotted by FRB **Dick See** who disappeared on down the nearest trail, the running pack flew past and found trail, **Dick See** appeared sometime later, and shot past **DKD, Cum See** and **Ms D** who had found a huge bush from which to pick and eat, saskatoons!! **WLB**, thinking it was unhash like behaviour, followed the runners down the trail, and eventually, after getting their fill of the juicy fruit, the three lady walkers tracked **WLB** down, only to slip and slide down a steep, muddy hill following our Hare!! We eventually ended up on the railway tracks to eventually catch up with the runners, who were already at the Hash Hold enjoying a bevy of COLD drinks and great snacks.

There were false trails, checkbacks, arrows good and bad, lots of swearing, and only a couple of injuries. **Cum See** found a couple of pricks, lots of sweat but not much mud, thanks to our Hare **Broken Boner** who had a change of heart after a muddy episode setting trail. What a guy! You are too kind, Sir!!! For this, he was indeed punished!!!!

After a short run back to the Circle up, the Run was praised, punishments were given out, and there was some discussion about the recipients of the Piss and Moan shirts, and also shirt #3, which is MIA!!!! More on this in further editions.

Crash was punished with the sleeve, and due to beer abuse, (he needs more practice) he acquired the Piss and Moan Shirt from **Slippery**. I'm not sure why he was punished, but the shirt looked good on him! The other recipient was **Sir Mobey's of Dickus**. This was for apparently finding too many false trails and then Pissing and Moaning about it.

Boner, TNT and **I like it hard** had the plank. Again, not sure why but it must have been a great offence, like scaring little animals, children or hashers.

DKD was punished for Phone abuse in trail, **Dick See Cup** punished many times for being **Dick See Cup** and a wonderful R.A. who was abused by chants of 5 more years, 5 more years for his R.A. duties!!! 🤪

After more punishments for **Mobey, Grabbin, Cantilingus** and multiple punishments for **Broken Boner** were dispensed, we packed up and moved on to JD's for the On On.

Great staff as usual looked after our every need. Great run and great turnout.

On On till next time
