## Announcement for the Heathens that did the pre run entirely without their RA last week.

The gall, the audacity, that my once loyal followers showed me last week SHALL NOT BE TOLERATED. As RA, and a busy important man, I had business to attend to and was FIVE MINUTES LATE last week. I showed up to find my subjects had already:

Began the circle up

Done introductions

Started the run explanation

And we're already searching for trail when I had arrived.

I'm almost quite certain that without my gentle but firm statesmanlike guidance that the entire intro was done poorly, if not entirely incorrectly. I've heard from some very good sources, the best some would say, that it was the WORST introduction all year.

This can not be tolerated.

I have in good confidence some FILES that will be released in this coming run that will OUT the perpetrators of this malfeasance and I will ensure that they are IMPRISONED! Or sleeved.

Also happy birthday to Pucker Sucker! Hope it was a good one, you heathen.

Thank you for your attention on this matter.

-RA CH.
