Dick See's Mad Ice Follies

It was a frigid -20 degrees in downtown Sylvan Lake. Most of the hashers showed up to pre-lube and were served by **Can't Cum** who couldn't cum of course because she was working. Some of the hashers considered staying in the warmth of the pre-lube, but showing true hasher grit we braved the elements.

We started by checking from behind the Driftwood Pub and **Pucker, Mobey's, Pussy Foot, Cum Honour, Wet Spot** and **Crash** promptly set off in many wrong directions. On hare was called by **Dick See Cup** and we were back on track. Meanwhile **Slippery, Wee** and **Cum See My Box** wandered away to wherever walkers go. The runner's weaved their way through town with much help from the hare. Two colours of markings were used, but neither colour could be seen unless the hare pointed them out. We found ourselves running along the lake shore and then on the lake itself. Somehow **Pucker** found trail and saved us many miles of false trails and we were back on land. More main street running to the disbelief of onlookers and we found the walkers at the hash hold. Snacks were enjoyed by all and beer and other beverages were guzzled so they wouldn't freeze before being drunk.

Back to circle up at the Driftwood. Some of us were nervous when the police parked on the street. I guess it was too cold to get out and check what we were doing or maybe they couldn't believe anyone would stand around outside but regardless, they left. Punishments were doled out quickly so beer and hashers didn't freeze solid.

Most of us then left for scrumptious wings and bevies in the warmth of Lodge 43.

ON ON.
