Our virgin Hare, **Cantilingus**, **Cum Honour** and **Wet Spot**, **Dick-See Cup**, **Fetus Deletus**, **Pussy Foot**, were gathered at North 50 when **Crash**, **Sir Mobeys'**, and **Slippery** arrived fashionably late. We took off our twelve layers and had a pleasant prelude.

We had just had a fresh dump of snow so ice was not going to be an issue. The -24 temperature was another story. While painfully waiting at the circle up for 7:00 pm to hit another vehicle sped in playing the devils music. **Mount Me** arrived with just a minute to spare. All in all, 10 brave souls. I thought there were 11 so I apologize to the hasher forgotten in the cold. May they rest in peace.

Can'tilingus was very disappointed he couldn't set a real run but he did a great job depending on Cum Honour, Wet Spot, and Pussy Foot to "help" him set trail. We had 4 hares for our 4 runners. There should have been no one getting lost on this trail. We will miss you unnamed hare.

The hash hold and circle up were in **Cum Honour and Wet Spot's** garage so we could give proper punishments; like the sleeve and the plank. Ohhh yea..... (no one thinks to bring extra clothes in -26 weather) Thanks to our 17 layers of clothes **Crash** had a flannel I could change into. Thankfully this scribe will help me avoid the sleeve next week.

After the walk back in the -32 weather we made our way to 50 North to enjoy the Thursday night special. Two notable guests arrived to surprise us; **Sir Wee Little Bladder** and **Lady Mz Dazey**; Royalty. Having felt bad missed the -40 run and thought they'd see who was foolishly there. Just us popsicles.

In memorandum of hasher #11.
