Hi Everyone,

Revenge of the Caterpillars

Ten hashers showed up for a rare trail set by **Sir Wee Little Bladder** and **Lady Ms. Dazey**. It was a lovely evening for a romp through the woods. Somehow, the hares managed to avoid most of the paved paths without losing a single hasher.

Cum Honour and **Dick See Cup** were high-stepping like stallions along the shitty trail (horse shit, that is), while **Lady Pucker Sucker**, **Wet Spot**, and **Slippery When Wet** refused that path and found their own long false trail. **Goes Half Way** must have upset a queen caterpillar, as she was hunted by minions until her flailing and screaming finally scared them off.

I found the most direct route to the hash hold but had to wait until nightfall for **Mount Me** and **Wee** to arrive with the keys to the locked car. Once opened, there were plenty of snacks and beer, though mysteriously no black licorice.

On On,

Crash
